

ATTACHMENT B

REMARKS

By this amendment, and without addressing the arguments of the Examiner in the outstanding Official Action, Applicants have now amended the claims by canceling without prejudice the only remaining claims, Claims 27 and 30, which were not allowed. Applicant will address the Examiner's arguments at such time as the canceled claims are pursued in a divisional or continuing application.

Accordingly, the remaining claims, 22-26, 28 and 29, have all been allowed, and thus by cancellation of the non-allowed claims, this case has been placed in condition for allowance. Such action is earnestly solicited.
